

Global Disability Summit Children and Young Persons Programme

The UK Department for International Development (DFID) is co-hosting the Global Disability Summit alongside the International Disability Alliance (IDA) and the Government of Kenya in London on 24th July 2018. A [Civil Society Forum](#) is being held a day before the Global Summit. During the Civil Society Forum Include Me TOO and the British Council in consultation with DFID and IDA are supporting young persons with disabilities to have their say as they represent their peers, children and young persons with disabilities from around the globe.

The partners want to ensure that the rights, inclusion and participation of children and young persons with disabilities, is supported. The aim of the initiative is to ensure that children and young persons with disabilities have the opportunity to share what matters to them, what works and what needs to change.
